

Jaqweal Holit

PRODUCT DESIGNER

- 📞 508-818-6639
- ✉️ jholit@protonmail.com
- 🌐 [Portfolio](#) & [LinkedIn](#)
- 📍 Rockland, Massachusetts USA

Summary

Product Designer focused on simplifying complex workflows into clear, usable product experiences. Skilled in user flows, information architecture, interaction design, and usability-focused problem solving, with a strong ability to turn scattered requirements into structured, user-centered systems.

Experience

Target Corporation, Abington, MA - *Guest Advocate* Aug 2025 - Sept 2025

- Managed high-volume, real-time user interactions in a fast-paced environment
- Identified inefficiencies in workflow and adapted processes to improve speed and consistency
- Maintained strong situational awareness and responsiveness under changing conditions
- Applied user-focused thinking to ensure clear, efficient, and reliable service outcomes

Walgreens, Rockland, MA - *Customer Service Associate* Oct 2024 - Jan 2025

- Built strong user empathy through daily customer interactions.
- Improved communication clarity and expectation management across varied user needs.
- Applied usability-focused thinking to resolve issues efficiently and consistently.

Projects

ChatGPT — Active Workspace Redesign

- Redesigned the active workspace around user intent and clearer navigation
- Reorganized the sidebar, prompt area, GPTs, tools, and model controls
- Created before-and-after frames, key interaction states, and a compact design system

TennaJam — Game Server Setup Flow

- Simplified dedicated server setup into a clear three-step flow
- Reduced technical friction through guided choices and confirmation states
- Created a mid-fidelity prototype to show the core setup interaction

Education

Zero to Mastery Academy Certification

Online
Jan 2025 - Oct 2025

Rockland High School

High School Diploma
Rockland, Massachusetts USA
