Experience

Abington, Massachusetts, USA

Target, Guest Advocate

Worked: Aug 2025 - Sept 2025

- Managed high-volume, real-time user interactions in a fast-paced environment
- Identified inefficiencies in workflow and adapted processes to improve speed and consistency
- Maintained strong situational awareness and responsiveness under changing conditions
- Applied user-focused thinking to ensure clear, efficient, and reliable service outcomes

Rockland, Massachusetts, USA

Walgreens, Customer Service Associate

Worked: Oct 2024 - Jan 2025

- Built strong user empathy through daily customer interactions.
- Improved communication clarity and expectation management across varied user needs.
- Applied usability-focused thinking to resolve issues efficiently and consistently.

Education

Online

Zero to Mastery Academy Certification, UI/UX Product Design

Issued: Oct 2025

Online

W3Schools Certification, Web Design

Issued: May 2025

Rockland, Massachusetts, USA

Rockland High School Diploma, High School

Attended: 2010 - 2014

Projects

HLM AI —AI Workspace Concept

- Redesigned an AI workspace around user intent, navigation, and usability.
- Reorganized the sidebar, prompting experience, conversation flow, and AI controls.
- Built a limited interactive prototype with interaction states and a compact design system.
